

Robin called meeting to order at 12:30 pm on April 6, 2013. Happy birthday was played on computer. Remember we are an Amazon affiliate. You get to the link on <http://lcace.org> . There were 2 guests, Julie Bell's husband and a friend of J. J.s, and Art Golden is a new member. Certificates were given to the outgoing board. There were also certificates for Ken Savage, our historian, Mike McEnery, our news editor, and J. J. Johnson, our webmaster. Fred Barnett is liaison with library and 2012 picnic. Richard Eisemann helped with 2012-2013 Elections. Julie Bell received a certificate for doing presentation and working help desk. Les Larkin got one for serving on help desk and helping with the Holiday Party. There was a certificate for Eric Rehberger for picking up magazines.

Winnie Frost said there was \$3912.12 in treasury. \$374 came from Amazon usage.

J.J. Johnson gave a short history of the club. It began 30 years ago as an Atari group, a cold day in April 1983. There were 175 people there. Their idea was to have members helping members. He still has the Atari that he used then.

WE are the one computer club that is not dwindling in membership.

Don't forget the free table.

Ken Savage with some help from J.J. told about the Lake County Concert Series. Unfortunately, I couldn't find the web site.

Help desk is open from 11:15-12:15.
