Guests Rev Raleigh and Mike Kastler

Program Mike Kastler Tech Talk 98.3 fm or http://techtalk.wrlr.fm/
Mike started with a short biographical history.
At 14 he lied about his age and got job at Radio Shack. Then helped build joy stick for Apple II. Next he worked at NEC Education K-12 using communications for technology
In 2004 he updated school web site and WLR started and invited him on show about the web.
2005 There was an hour show on Wednesday.
2006 Dave "Sparky" Saganaki gave him someone to talk to. He left Round Lake Schools for another position.
2007 He started the Saturday morning show which you can listen to online.
2010 Jay "Geek Trivia" Garmon joined him.
2013 300th program episode.
The show is divided in to various parts.
    Geek Trivia
    Interview using reviversoft.com
    More news
    Cool Sites of the week
    Podcast only
    Song of the week
Favorite guests have included:
Craig Newmark of craigslist
