Board needs to meet quarterly.

J.J. had a sheet with a list of paid membership from last month. We had a short discussion on membership.

Fred said someone from Microsoft would talk about the cloud in June. July is the picnic.

August is Phil Bock on 8.1.1

Possibly one on genealogy by Bobby is to be scheduled for one of the other open months before Holiday party.

Help desk should always be announced in the newsletter. Newsletter should also always have a column by president. There was a little talk about eBooks and upgrading Quicken. Perhaps there should be a member's gift for joining. The board should be listed with pictures on our web page. We need new profiles and pictures. Some are very old. J.J. to video tape presentations and we need a backup for him when he can't attend. Mike talked about a barcode scanner for membership checkin. We discussed some recognition for Robin for her years of service. Les will continue as historian. Don't forget to buy presents for holiday party throughout the year. Send press release to Robin and Liz. (Not sure what this is.)
