## **Program Annie Hernandez talks about The Microsoft Cloud and other Devices**

Anne Hernandez is from Microsoft in Schaumburg. She has worked 2 years on the retail side Sales. Training like this off site to teachers, business and library's etc. She was a pharmacy student. She teaches kids to make video games, movies picture etc.

The Cloud service is a universal app for work, phone and pc. It makes life more productive on Hotmail, Skype etc. You need a Microsoft account live

Web based email is needed

On Office.com you can make quick doc

Drop down menu import from gmail, yahoo, etc

Calendar, word, excel and outlook online

Can find codes

Word online

Let's get started

One drive

8.1.1 Has access to one drive

New doc

Don't need to save it does it automatically

Onedrive app 10 gigs is given to all. Pay more for extra gigs.

Folders and sub folders

With Surface pro you get 250 gig for two years.

You get Reward using Bing

Bing.com will tell you about it

Newsletter question

If have wifi still connect to wifi.

Invite to see photo or share to facebook etc.

Can save it easily

All templates on OneDrive for word

Office is connected to cloud

Skydrive and onedrive are the same

Universally same apps on phone and computer

Onenote 2013 all based on cloud

Program ended 2:15
