Q&A

Problems Windows 10

All updates frozen from Windows 7

Right click doesn't work

No error message

Suggested to try community forums, Microsoft Store (make appointment or have live chat)

**Scare ware popups try tech support & scan computer for malware and virus
If problems with Facebook on phone try uninstall and then reinstall**

Google List owners can add owners but not managers, J.J. for problems, Fred will look to see what is wrong, sign on to google with email that you use and then can add new email

Mike says always put LCACE in subject when sending him something

How do you migrate from aol to gmail, gmail is webmail, if changing provider just contact them with info and they should transfer

Terri mentioned to look at youtube to find out how to change batteries. Videos of everything found there.

Don't mention on FB that you are on vacations

Go to Programs and features KB3035583 uninstall it, reboot, run and then hide update If you want to see update later just unhide it

If iPad not charging probably need new batty or iPad
