Newsletter Read about freebies for Windows 10 in March Newsletter

Old business None

Nominations for 2016-2017 Board Liz Barnett handled
-
Phil Boch
Linda Busch
Judy Denham
J.J. Johnson
Linda Koudelka
Bobby Jacobs
Bob Pokela might not
Liz nominated Linda Rolfing, but she declined
Fred Barnett suggested we have only one vote and let board elect President
J.J. made a motion that the election procedures be streamed for the election in 2017.
There would be a board of directors and positions not necessary Les 2nd.
The motion was passed. It will be written in our bylaws.

Birthdays acknowledged

New Members None

Raffle Winners
50/50 $15 Bob Potela
Door Prize Liz Barnett monopod

Meeting adjourned at 12:57

Program

Internet Security

Handouts were given from ARX Computing at a meeting the a few had attended. Not much about virus protection, but much about malware.
Ransomeware locks computer.
Sometimes email?? asks widow/widower for money. Never answer this type of request.
Data mining what ads to send to you
Face scanning of some stores to remember you as customer
Other ways are in March newsletter
Check credit scores regularly using CreditKarma or annualcreditreport.com (get from each once a year for free)
Use google for email as it filters better and is safer than AOL

How secure is your password? Use a spreadsheet or book to keep track of your passwords. (I'm not sure that this is safe either) I use roboform.
Edge has no add-ons, so perhaps it is safer.
Use ghostery which is free to see which company is tracking you and you can block them.
Disconnect.me has a basic free version.
If you have sensitive information close browser when done or bring up in a new browser.
Use a standard rather than an Admin account when you login to your computer.
Secunia PSI is software to keep your software up-to-date and help remove unwanted.
Windows 10 has a refresh you can use, if you are having problems.
In case of death you need to leave directives for executors of what to do with your digital after life.
