Once you have opened the NPR web site, scroll down to see a long list of local NPR stations. Observe that there is a menu bar that provides selections in different Genres. Click on the tool on the right side of the list to open the web page for that station.

Use VLC Media Player

The free VLC Media Player program can also be used to listen to radio stations around the world.

This opens a long list of radio stations around the world. You are on your own to experiment to see if you can find something interesting. After you open a radio

broadcast, you can minimize VLC and keep it running in the background while doing other things on your computer.
